You are not teaching chemistry but you are giving us chemistry through heart from heart.

Hello , myself Bhagyashree tanwar , mbbs student at Aiims Rishikesh. it all started when i decided to crack ny entrance exams neet and aiims. everyone said to me that keep in mind the neet exam , focus on that but sunil sir was the one who motivated me for my dream aiims throughout my journey , that was his biggest role for me nd his without his teaching i could never be this much good in chemistry.

About teaching he is just brilliant teacher.

A package of previous revision + active learning with conceptual quetion practice + give a motivational dose for rest to day.

let me tell you something that he is perfect in his unique way of teaching , his concept is just awesome , all this automatically lead you to take interest in chemistry , nd i guess that is all we all want , enjoying the subject.

Without a doubt I'd say Sunil sir is the best teacher that I've come across my entire journey. The way he teaches chemistry makes it the easiest subject of all and also you'll learn the true meaning of passion.

'Literally Guru' 🙏😊

Hello everyone,  
I am Sakshat Jain currently studying cse at BIT Mesra and I am in my second year.  
I learned organic chemistry under the guidance of a great teacher or I can say a chemistry wizard or Sunil sir.

I believe Sunil Singh "SS" sir is one of the finest chemistry mentor. It's been more than 7 years, I attended his first class , but the impact, knowledge and energy still resonates around me (along with his "dushtoo"). The way he explains and make you understand the concept is just out of the box. I was never that fond of chemistry but afterwards it just became one of my favourite .  
Whoever gets a chance to learn from him, I feel it as a blessing... I too am blessed to have a mentor like you ❤️

SS sir was instrumental in clearing my concepts for both organic & inorganic chemistry, which helped me to clear JEE & join IIT Delhi.  
I highly recommend him as a teacher as well as a mentor, especially his awesome communication & teaching style!

once he said to my parents that no such parents meeting require for her , she is definitely crack AIIMS . And from that day i automatically motivated and just want to prove sunil sir were right. He is always have faith in me , he definitely scolded me on my mistake ,but supported me till the last.

My journey started with Sunil sir , i ... success with Sunil sir . i had an opportunity to learn with you that es me believe that i am lucky need.

honestly , i can definitely say that with 100% gurantee that in chemistry please must not miss the chance of teaching by sunil sir !

Thankyou for everything sir !  
i would give best wishes sir ,  
keep inspiring us always !!!!!
